## **Changes in Organization of Asset Management Company**

Ichigo Investment Advisors (“IIA”), the asset management company of Ichigo Green, decided at its board meeting held on May 25, 2025 to implement the following organizational changes and a new operating structure, effective June 1, 2025.

### **1. Corporate Reorganization Rationale**

IIA has demonstrated stable investment capabilities via disclosing long-term 10-year forecasts to maximize Ichigo Green’s shareholder value. However, Japanese infrastructure fund share prices have continued to decrease due to market uncertainty despite increased expectations for renewable energy.

IIA believes that further strengthening its asset management capabilities and innovations is necessary for continued Ichigo Green growth. IIA is therefore implementing a corporate reorganization to create an organization that can flexibly respond to market changes and implement growth strategies in light of current market conditions.

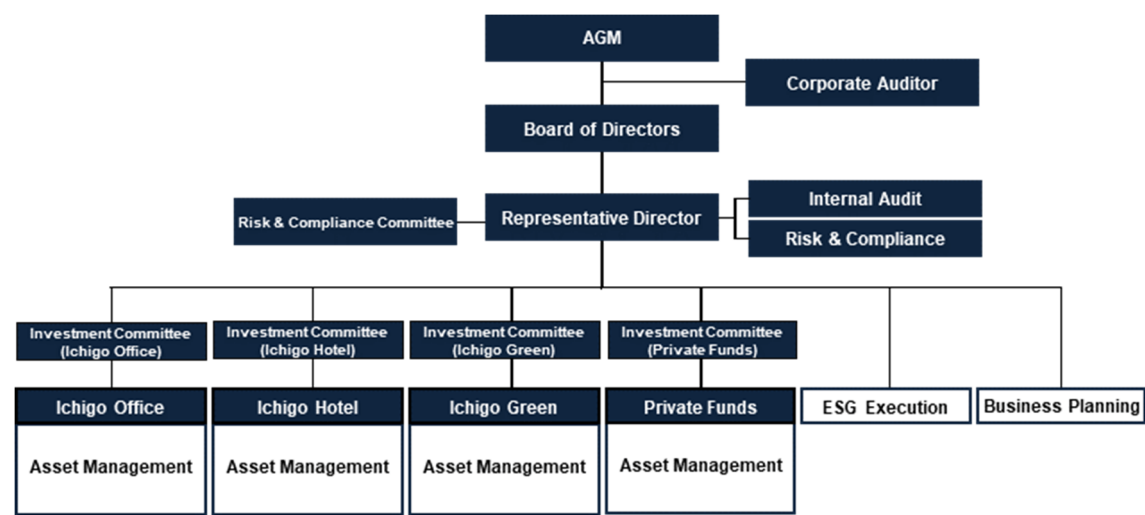

### **2. Corporate Reorganization Overview**

To strengthen Ichigo Green’s investment capabilities and relationships with stakeholders and maximize Ichigo Green’s shareholder value, IIA reassessed its current organizational structure under which functions were focused within divisions and is shifting to an organizational structure with teams specializing in investments, financing and investor relations, led by leaders with expertise in their respective fields.

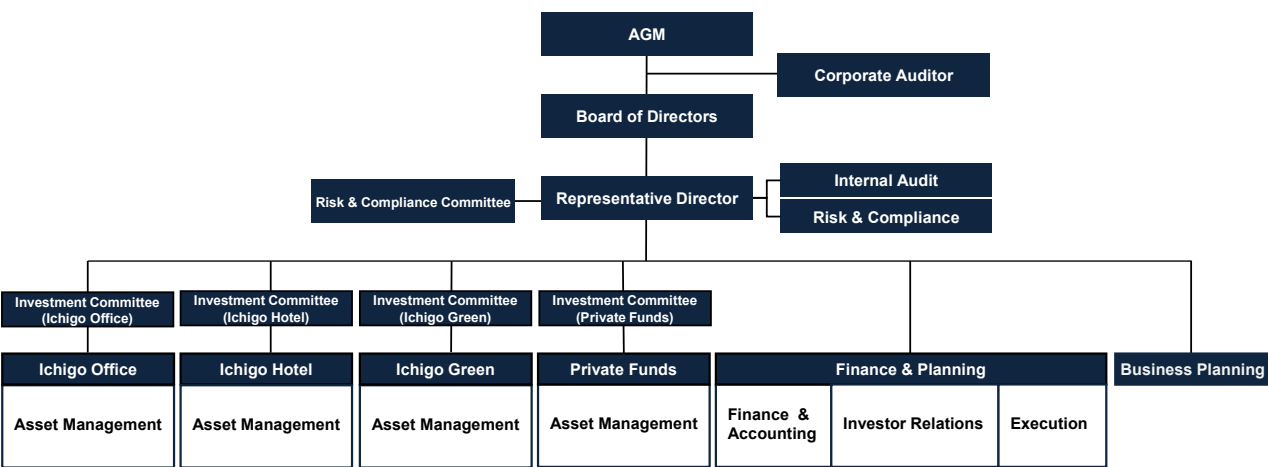

Concentrating the finance, accounting, and disclosure functions for Ichigo Green, Ichigo Office (8975), and Ichigo Hotel (3463) under the newly created Finance & Accounting team will allow IIA to achieve a multifaceted perspective and economies of scale, thus driving overall performance quality.

As a result of the reorganization, IIA’s new organizational structure and management team will be as follows, effective June 1, 2025.

(1) IIA Organization Chart (Before Change)
